SI Section C - Dependent Variables

- How strongly do you support or oppose the ruling of the European Court of Human Rights of April 9, 2024 in the case “Climate Seniors v. Switzerland”? Responses from 1 (Completely reject) to 7 (Completely support)
- How fair or unfair do you consider the ruling of the European Court of Human Rights of 9 April 2024 in the case “Climate Seniors v. Switzerland” to be towards Switzerland? Responses from 1 (Completely unfair) to 7 (Completely fair)
- How appropriate or inappropriate do you think it is for the European Court of Human Rights to rule on Switzerland’s climate policy? Responses from 1 (Completely inappropriate) to 7 (Completely appropriate)
- What is your opinion: Should the Swiss government implement a more ambitious climate protection policy based on the ruling of the European Court of Human Rights of April 9, 2024 in the case “Climate Seniors v. Switzerland”? Responses from 1 (Completely reject) to 7 (Completely support)
- In view of the judgment of the European Court of Human Rights of 9 April 2024 in the case “Climate Seniors v. Switzerland”: What is your opinion on the current Swiss climate protection policy? Responses from 1 (Really doesn’t go far enough) to 7 (Goes way too far)
- How do you assess the following statements on energy and climate policy?
 - * A CO₂ tax is a suitable means of reducing Switzerland’s greenhouse gas emissions.
 - * Wind power plants (“wind turbines”) should be built in the Swiss Mittelland.
 - * As a contribution to combating climate change, the government should take measures to reduce meat consumption, e.g. increase the VAT on meat products.
 - * More solar systems should be installed in open spaces (e.g. meadows, fields, etc.).Responses from 1 (Completely reject) to 7 (Completely support)
- Intended voting turnout (Electricity Law referendum): “How likely are you to take part in the vote on 9 June 2024?” Response options: “I will definitely participate”; “I’m not quite sure yet, but I’ll probably take part”; “I usually vote, but probably not this time”; “I will not participate”; “I have already voted by post”; “I am not allowed to vote”.
- Intended voting choice (Electricity Law referendum): If respondents want to participate in the vote on the Federal Act on a Secure Electricity Supply from Renewable Energies, or Electricity Act for short, in the vote — “Yes”; “I have not decided yet”; “No”; “don’t know / no answer”.
- If respondents do not want to participate or do not plan to participate, what respondents think they would vote if they were to take part in the vote — “Yes”; “I have not decided yet”; “No”; “don’t know / no answer”.
- If respondents already participated by post, how respondents voted on the Federal Act on a Secure Electricity Supply from Renewable Energies, or Electricity Act for short — “Yes”; “No”; “inserted empty”; “don’t know / no answer”.
- Dependent variables on revealed voter turnout and vote choice in Wave 2:
 - * Revealed voter turnout: “Did you take part in the vote on 9 June 2024?” — “I voted”; “I did not vote”; “I was not allowed to vote”.
 - * Revealed vote choice (Electricity Act): “How did you vote on the Federal Act on a Secure Electricity Supply from Renewable Energies (Electricity Act)?” — “Yes”; “No”; “Inserted empty”; “Don’t know / no answer”.
